The Clarke Sisters' *Tea Party*

Meet The Clarke Sisters

Step into the high society world of the Clarke Sisters, these ladies would often be found spending lavish afternoons swapping stories over fine china teacups in the neo-gothic balconies overlooking Collins Street.

Miss Emma Clarke married Patrick McCaughan who commissioned the original Rialto building in the 1800s. After Miss Emma's untimely passing, the undeterred Patrick went on to marry her sister Miss Margaret Clarke.

The Dessert Trolley

Our Dessert Trolley features heavenly cakes and miniature luxury desserts from internationally renowned chocolatier, Gontran Cherrier.

Born in Normandy, Gontran Cherrier grew up in a family of boulangers in the small town of Luc-sur-Mer. As a fourth generation baker, it wasn't long before Gontran earned his first stripes in his parents' Parisian boulangerie.

In 2010 Gontran opened his first boulangerie in Montmartre, Paris, followed by a second in the 17th arrondissement and a third in Germain-En-Laye in 2013. As of July 2016, Gontran Cherrier Boulanger has 29 prestigious bakeries, including local bakeries in Richmond, Collingwood and Hawthorn.
